

R37, Region Sjællands Sundhedsvidenskabelige Forskningsfond 2023

NR	Fornavn	Efternavn	Stilling	Fag	Afd	Sted	Projekt	Bevilling
R37-A1503	Connie	Berthelsen	Associate professor	nurse	Research Unit	Sjællands Universitetshospital	Identifying evidence to develop and test feasibility of a patient-centered discharge dialogue tool for older patients with multi-morbidity to improve inclusion of their personal needs in discharge-planning	230.861
R37-A1501	Thomas Vauvert Faurshou	Hviid	Professor, Chief Physician, MD, PhD,	doctor	Department of Clinical Biochemistry	Sjællands Universitetshospital	The role of human leukocyte antigen (HLA) -F in placental dysfunction in preeclampsia and fetal growth restriction	350.000
R37-A1489 (dialog)	Mette	Korshøj	PhD	other	Arbejds- og Socialmedicinsk Afdeling	Holbæk Sygehus	Undersøgelse af forskellige effekter fra fysisk aktivitet i arbejde og fritid på åreforkalkning, inflammation og hjertets struktur og funktion.	700.000
R37-A1562	Ole Birger Vesterager	Pedersen	Associate professor, chief physician, ph.d.	doctor	Department of Clinical Immunology	Sjællands Universitetshospital	Risk of rheumatic diseases in patients with Hidradenitis Suppurativa	350.000
R37-A1442	Caroline Christfort	Øhrstrøm	PhD	doctor	Department of Medicine, Køge	Sjællands Universitetshospital	Incidence and clinical characteristics of postbariatric hypoglycemia – a prospective cohort study	300.000
R37-A1532	Martin	Ballegaard	Assistant professor	doctor	Neurology	Sjællands Universitetshospital	Potentials and precarities with eDevices in epilepsy care – a comparative, ethnographic study of transformations in digitally enabled care infrastructures in	300.000
R37-A1461	Stig	Brorson	Professor, overlæge, dr.med., ph.d.,	doctor	Orthopedic department	Sjællands Universitetshospital	Does treatment of Completely displaced or overriding Distal forearm fractures in children merely require a splint and a little patience? A randomized, controlled,	250.000
R37-A1414	Louise Ohlhues	Baandrup	MD, ph.d.	doctor	Department of Pathology	Sjællands Universitetshospital	Vulva squamous cell carcinomas – a clinicopathologic study focusing on the prognostic impact of the tumor microenvironment	300.000
R37-A1446	Søren Thorgaard	Skou	Professor	physiotherapist	Department for physio- and occupational therapy	Næstved, Slagelse og Ringsted sygehuse	The benefits of outdoor physical activity for people with arthritis (The OUTPAC Project)	434.037
R37-A1450	Lise Mette Rahbek	Gjerdrum	Overlæge, ph.d, klinisk forskningslektor	doctor	Pathology	Sjællands Universitetshospital	Genetic characterization of aggressive B-cell neoplasms: an approach to identification of predictors of treatment response, relapse, transformation and survival.	300.000
R37-A1411	Ismail	Gögenur	Professor	doctor	Center for Surgical Science, Surgical Department	Sjællands Universitetshospital	Irreversible electroporation in combination with immune checkpoint inhibition, in patients with metastatic pancreatic cancer - A prospective, phase 2 study	250.000
R37-A1579	Nina	Reinholt	Senior Researcher, PhD	other	Research Unit for Psychotherapy and Psychopathology, Psychiatry	Psykiatrien	TRANSDIAGNOSTIC Cognitive-behavior Therapy for anxiety disorders and depression: a phase-IV Implementation trial with Patient-Reported Outcomes	500.000
R37-A1565	Martin	Vestergaard	PhD, Cand. Psych.	other	afd. Afdeling for Børne- og Ungdomspsykiatri Forskningsenheden	Psykiatrien	Visuel følsomhed og opmærksomhedskontrol hos børn med autismespektrumforstyrrelser associeret med psykopatologi og den underliggende hjernestruktur	300.000
R37-A1543	Ismail	Gögenur	Professor, DMSc	doctor	Department of Surgery	Sjællands Universitetshospital	Combining intratumoral flu vaccine treatment with pembrolizumab in patients with colorectal cancer: A phase 2 clinical trial	300.000
R37-A1589	Alonzo	Alfaro-Núñez	PhD in Evolutionary Genomics	other	Department of Clinical Biochemistry	Næstved, Slagelse og Ringsted sygehuse	Intestinal microbiome biodiversity through the development of colorectal cancer at the age group of 56-60 years	500.000
R37-A1592	Karl Bang	Christensen	Professor	other	Data og udviklingsstøtte	Other regional institution	A dynamic approach to Population Health Management	500.000
R37-A1530	Susanne Oksbjerg	Dalton	Professor	doctor	Department for Clinical Oncology and Palliative Care,	Sjællands Universitetshospital	PHILUCA: PHysical function, sarcopenia and treatment tolerance In LUng CAncer	150.000
R37-A1564	Anja	Geisler	Associate Professor, Head of nursing	nurse	Department of anesthesia	Sjællands Universitetshospital	Patient's expectations, rehabilitation, and quality of life after discectomy surgery	150.000
R37-A1547	Lise Mette Rahbek	Gjerdrum	Overlæge, ph.d, klinisk forskningslektor	doctor	Pathology	Sjællands Universitetshospital	Targeting the tumor microenvironment in mycosis fungoides: Implications for disease progression and treatment strategies.	150.000
R37-A1495	Frederik	Helgstrand	Consultant, DMSc, ass. Prof	doctor	Surgical Department	Sjællands Universitetshospital	The Treatment of Gallstone Disease The Indications for and the timing of surgery	150.000

R37-A1466	Jens-Christian	Holm	Associate clinical and research professor	doctor	Børne- og Ungeafdelingen	Holbæk Sygehus	Risk of Prediabetes Development and Progression in Children and Adolescents with Obesity	600.000
R37-A1567	Preben	Homøe	Professor	doctor	Otorhinolaryngology	Sjællands Universitetshospital	SØVNIGHED – en videnskabelig undersøgelse af søvnighed som symptommarkør hos patienter med svær obstruktiv søvnapnø	150.000
R37-A1597	Pia	Jeppesen	Clinical Professor MSO	doctor	Department of Child and Adolescent Psychiatry, Copenhagen University Hospital – Psychiatry Region Zealand, Smedegade 16, DK-4000 Roskilde Denmark	Psykiatrien	Scoping review af videnskabelig litteratur om musikterapeutisk behandling til patienter med spiseforstyrrelse	200.000
R37-A1550	Michael	Kemp	Professor, dr. med.	doctor	Regional Department of Clinical Microbiology	Sjællands Universitetshospital	Preventing hospital infections by antibiotic-resistant bacteria	150.000
R37-A1583	Lars Kristian	Munck	lektor, dr med	doctor	Medicinsk afdeling	Sjællands Universitetshospital	LIMAG – Liraglutide for patients with Mg malabsorption	150.000
R37-A1594	Lars Kristian	Munck	lektor, dr med	doctor	Medicinsk afdeling, SUH Køge	Sjællands Universitetshospital	Fækal mikrobiota transplantation ved lymfocytær colitis	150.000
R37-A1596	Volker-Jürgen	Schmidt	Cheflæge, Ph.d.	doctor	Plastik- og Brystkirurgisk Afdeling	Sjællands Universitetshospital	See and Treat skin cancer trial optimising patient trajectories by using digital image technology to initiate a faster and differentiated surgical treatment.	150.000
R37-A1602	Lene Lauge	Berring	Seniorforsker, Ledende	nurse	Psykiatrisk Forskningsenhed	Psykiatrien	Supporting the delivery of combined diabetes and mental healthcare in Region Zealand- a qualitative research study	200.000
R37-A1600	Lene Lauge	Berring	Seniorforsker, Ledende	nurse	Psykiatrisk Forskningsenhed	Psykiatrien	Learning experiences arising from using a psychoeducational website for parents to offspring with suicidal behaviour	200.000
R37-A1506	Stig	Brorson	Professor, overlæge, dr.med., ph.d.,	doctor	Orthopedic department	Sjællands Universitetshospital	Towards Environmentally Sustainable Orthopaedic Surgery	100.000
R37-A1542	Anne-Marie Kanstrup	Fiehn	Associate Professor	doctor	Dept. of Pathology and Center for Surgical Science, Dept. of Surgery	Sjællands Universitetshospital	Examining predictive biomarkers of response to neoadjuvant chemoradiotherapy in rectal cancer using gene expression analysis	100.000
R37-A1477	Thora	Grothe Thomsen	Associate Professor, Med, PhD	nurse	Department of Otorhinolaryngology and Maxillofacial surgery, Zealand University Hospital, Zealand Region of Denmark, Koege, Denmark	Sjællands Universitetshospital	Patients with obstructive sleep apnea participates in development and implementation of a patient education – A mixed method feasibility study	100.000
R37-A1604	Ismail	Gögenur	Professor	doctor	Center for Surgical Science,	Sjællands	Pathophysiology of diabetic gastroparesis PATODIAG Study and Randomized	100.000
R37-A1455	Uffe	Bødtger	Professor	doctor	Department of Respiratory Medicine, Zealand University Hospital, Roskilde & Naestved	Sjællands Universitetshospital	Triple endoscopy in lung cancer workup: impact of add-on endoscopic ultrasound via the esophagus to standard endoscopy	100.000
R37-A1569	Randi	Jepsen	Ph.D., MSc	nurse	Center for Epidemiological Research	Nykøbing Falster Sygehus	Sammenhæng mellem fysisk aktivitet, lungefunktion og astma i barndommen og ungdommen: Lolland-Falster Undersøgelsen	277.472
R37-A1598	Sanne Lykke	Lundstrøm	Forsker	other	Videns- og Forskningscenter for Multisygdom og Kronisk Sygdom	Næstved, Slagelse og Ringsted sygehuse	An integrated patient-centred care model for patients with complicated multimorbidity A cluster-randomised pilot study in general practice, municipalities, and hospitals	400.000
R37-A1595	Steen Theis Lund	Meyer	Music Therapist	other	PAM, Psykiatrien Vest	Psykiatrien	Investigating frequency and severity of past trauma events and trauma-related disorders in emergency room admission patients	200.000

R37-A1563	Ditte Marie	Saunte	Associate Professor	doctor	Dermatologic Department	Sjællands Universitetshospital	Research into the Metabolic Syndrome in Hidradenitis Suppurativa	125.000
R37-A1521	Ole Jakob	Storebø	Professor	other	Psychiatric Research Unit	Psykiatrien	eTNS combined with the usual non-pharmacological strategies as a treatment for ADHD in children and adolescents age 7-18 years: study protocol for a feasibility	200.000
R37-A1568	Nasrin	Asgari	Professor, Consultant	doctor	Medicin 3: Neurologi, Geriatri og Neurorehabilitering og Afdeling for Ergo- og Fysioterap.	Næstved, Slagelse og Ringsted sygehuse	Optical Coherence Tomography Evaluation of Immunosenescence and Comorbidity Impact on the Progression of Multiple Sclerosis	150.000
R37-A1474	Heidi Maria	Bergenholtz	Associate professor	nurse	Kirurgisk afdeling	Holbæk Sygehus	PALHOS – Palliative care in the Hospital. Hospital model program for Holbæk Hospital. Substudy 1: Implementation of a strategy for general palliative care at	150.000
R37-A1586	Helle Collatz	Christensen	Overlæge ph.d.	doctor	Forskningsenheden	Other regional institution	Prehospital assessment units - a case control study	500.000
R37-A1575	Mette	Krag	ph.d., head of research	doctor	Anæstesiologisk afdeling	Holbæk Sygehus	Prokinetic Agents in the Intensive Care Unit	150.000
R37-A1452	Maren Johanne Heilskov	Rytter	Forskningsansvarlig Afdelingslæge, PhD,	doctor	Department of Paediatrics and adolescent medicine	Næstved, Slagelse og Ringsted sygehuse	Få fordelene med fra starten – udvikling, implementering og evaluering af en styrket indsats blandt familier i Region Sjælland med høj risiko for et kompliceret	150.000
R37-A1518	Ann-Marie	Schoos	M.D., Ph.D.	doctor	Børne- og afdelingen	Næstved, Slagelse og Ringsted sygehuse	Nasal irrigation or nebulized saline in children with bronchiolitis. - a Randomized Controlled non-inferiority Trial	150.000
