

## Vejledning til Avanceret Søgning i MEDLINE- og CINAHL-Databaserne

Denne guide demonstrerer, hvordan du bruger "Suggest Subject Terms" og "Search History", til at skabe en avanceret søgning i MEDLINE- og CINAHL-databaserne på EBSCOhost.

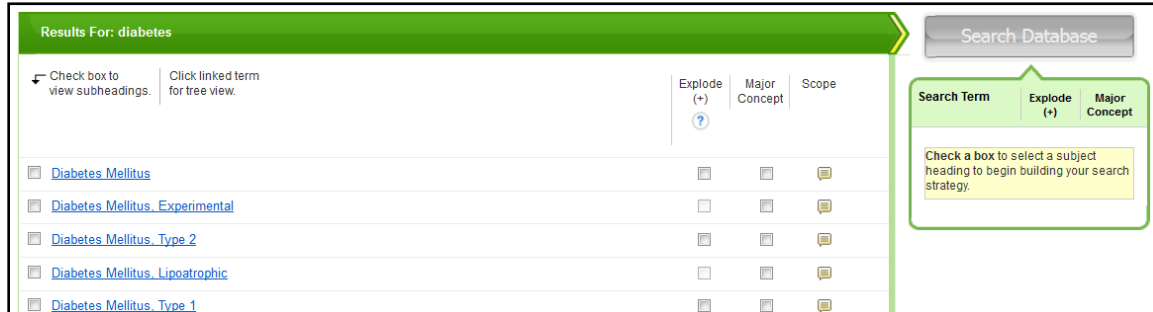

1. Log ind på <http://search.ebscohost.com>.
2. Vælg en database – som for eksempel *MEDLINE* eller *CINAHL*.
3. Indtast dit søgeord i søgefeltet og sæt et flueben i **Suggest Subject Terms**-boksen.

The screenshot shows the EBSCO search interface. At the top, there are navigation tabs: "New Search", "MeSH 2015", "Publications", "Images", and "More". Below these, the search term "diabetes" is entered in the search box. A red box highlights the "Suggest Subject Terms" checkbox, which is checked. To the right of the search box are "Search" and "Clear" buttons. Below the search box, there are options for "AND" and "Select a Field (opti...". At the bottom, there are links for "Basic Search", "Advanced Search", and "Search History".

4. Klik "Search"

Herefter vises resultater for Emneord.

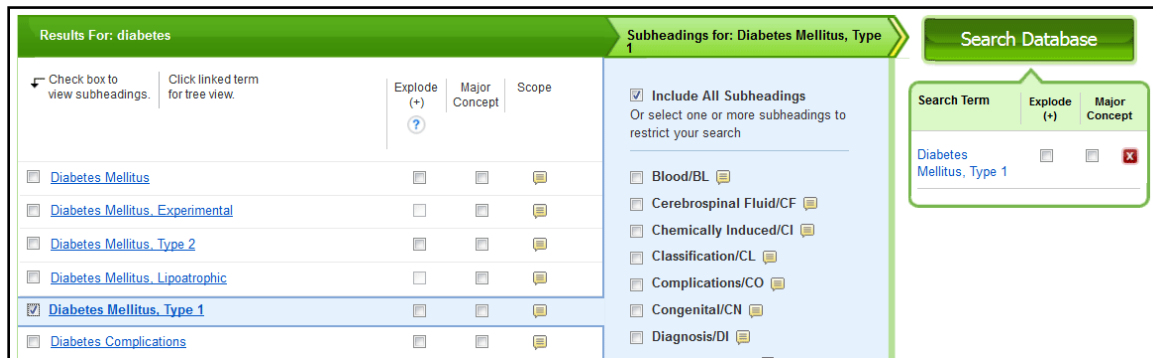

The screenshot shows the search results page for "diabetes". The page title is "Results For: diabetes". There is a "Search Database" button at the top right. Below the title, there are instructions: "Check box to view subheadings." and "Click linked term for tree view." To the right, there are columns for "Explode (+)", "Major Concept", and "Scope". A table lists several subject terms with checkboxes in the "Explode" column:

	Explode (+)	Major Concept	Scope
<input type="checkbox"/> Diabetes Mellitus	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<input type="checkbox"/> Diabetes Mellitus, Experimental	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<input type="checkbox"/> Diabetes Mellitus, Type 2	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<input type="checkbox"/> Diabetes Mellitus, Lipoatrophic	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<input type="checkbox"/> Diabetes Mellitus, Type 1	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

On the right side, there is a "Search Database" button and a "Search Term" box with "Diabetes Mellitus, Type 1" entered. Below this, there is a yellow box with the text: "Check a box to select a subject heading to begin building your search strategy."

5. Sæt flueben i boksen(e) ud for de mest relevante emneord.

The screenshot shows the search results page for "diabetes". The page title is "Results For: diabetes". There is a "Search Database" button at the top right. Below the title, there are instructions: "Check box to view subheadings." and "Click linked term for tree view." To the right, there are columns for "Explode (+)", "Major Concept", and "Scope". A table lists several subject terms with checkboxes in the "Explode" column:

	Explode (+)	Major Concept	Scope
<input type="checkbox"/> Diabetes Mellitus	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<input type="checkbox"/> Diabetes Mellitus, Experimental	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<input type="checkbox"/> Diabetes Mellitus, Type 2	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<input type="checkbox"/> Diabetes Mellitus, Lipoatrophic	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<input checked="" type="checkbox"/> Diabetes Mellitus, Type 1	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<input type="checkbox"/> Diabetes Complications	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

On the right side, there is a "Search Database" button and a "Search Term" box with "Diabetes Mellitus, Type 1" entered. Below this, there is a blue box with the text: "Include All Subheadings Or select one or more subheadings to restrict your search".

6. Følg den blå linje og beslut om du vil inkludere underordnede ord i emneordshierarkiet (Explode) eller begrænse til et Major Concept og vælg derefter, om du vil inkludere alle underaspekter ved at sætte flueben i **Include All Subheadings**.

Find tutorials, FAQs help sheets, user guides, og mere på <http://support.ebsco.com>.

## 7. Klik **Search Database**.

En resultatliste, som matcher dine valg vil nu blive vist.

The screenshot shows the EBSCO Health search interface. At the top, there are navigation tabs: 'New Search', 'MeSH 2015', 'Publications', 'Images', and 'More'. The search bar contains 'MEDLINE Complete' and 'Suggest Subject Terms'. Below the search bar, there are three search fields with 'AND' operators. The search results section shows 'Search Results: 1 - 10 of 61,390'. The first result is 'Mortality in type 1 diabetes in the current era: two steps forward, one step backward.' with a 'View Results (61,390)' link.

## 8. Indtast dit andet søgeord i søgefeltet og gentag trin 5 til 7, som beskrevet ovenfor.

The screenshot shows the EBSCO Health search interface with the search bar containing 'pregnancy'. The 'Suggest Subject Terms' checkbox is checked. The search bar is highlighted with a red box.

## 9. Kombinér de to søgeord, du har benyttet, ved at sætte flueben ud for dem og derefter klikke på **Search with AND**- knappen.

The screenshot shows the 'Search History/Alerts' section. The 'Search with AND' button is highlighted. The search history table has checkboxes selected for both search terms, S2 and S1.

Search ID#	Search Terms	Search Options	Actions
<input checked="" type="checkbox"/> S2	(MH "Pregnancy")	Search modes - Boolean/Phrase	<a href="#">View Results (700,901)</a>
<input checked="" type="checkbox"/> S1	(MH "Diabetes Mellitus, Type 1")	Search modes - Boolean/Phrase	<a href="#">View Results (61,390)</a>

Find tutorials, FAQs help sheets, user guides, og mere på <http://support.ebsco.com>.

10. Benyt 'begrænserne', under **Limit to** i kolonnen i venstre side, til at reducere antallet af resultater til et mere overskueligt antal.

The screenshot shows the EBSCO search interface. At the top, there is a table with search results:

Search ID#	Search Terms	Search Options	Actions
S3	S1 AND S2	Search modes - Boolean/Phrase	View Results (2,953)   View Details   Edit
S2	(MH "Pregnancy")	Search modes - Boolean/Phrase	View Results (700,901)   View Details   Edit
S1	(MH "Diabetes Mellitus, Type 1")	Search modes - Boolean/Phrase	View Results (61,390)   View Details   Edit

Below the table, the 'Refine Results' section is visible. The 'Limit To' section is highlighted with a red box and contains the following options:

- Boolean/Phrase: S1 AND S2
- Full Text
- Abstract Available
- English Language
- 1963 - 2014 (Publication Date)

The main search results area shows three results:

- Placental antiangiogenic prolactin fragments are increased in human and rat maternal diabetes.** (English); Abstract available. By: Perimenis P; Bouckenoghe T, Delplanque J, Moitrot E; Eury E; Lobbens S; Gosset P; Devisme L; Duville B; Abderrahmani A; Storme L; Fontaine P; Froguel P; Vambergue A, Biochimica Et Biophysica Acta [Biochim Biophys Acta], ISSN: 0006-3002, 2014 Sep; Vol. 1842 (9), pp. 1783-93; Publisher: Elsevier Pub. Co; PMID: 24984282
- Animal models of disease: classification and etiology of diabetes in dogs and cats.** (English); Abstract available. By: Nelson RW; Reusch CE, The Journal Of Endocrinology [J Endocrinol], ISSN: 1479-6805, 2014 Sep; Vol. 222 (3), pp. T1-9; Publisher: BioScientifica; PMID: 24982466
- Metabolic phenotyping guidelines: assessing glucose homeostasis in rodent models.** (English); Abstract available. By: Bowe JE; Franklin ZJ; Hauge-Evans AC; King AJ; Persaud SJ; Jones PM, The Journal Of Endocrinology [J Endocrinol], ISSN: 1479-6805, 2014 Sep; Vol. 222 (3), pp. G13-25; Publisher: BioScientifica; PMID: 25056117

Klik **Show More** for at få en oversigt over alle tilgængelige 'begrænser'.

11. Vælg de 'begrænser' du ønsker at anvende på din søgning og klik **Search** i toppen eller bunden af siden.

The screenshot shows the 'Limit your results' section of the EBSCO search interface. It contains various filter categories:

- Full Text:**
- Publication:**
- Abstract Available:**
- EBM Reviews:**
- Human:**
- Sex:** All (selected), Female, Male
- Clinical Queries:** All (selected), Therapy - High Sensitivity
- Date of Publication:** Month: [dropdown], Year: [dropdown]
- Author:**
- English Language:**
- Review Articles:**
- Animal:**
- Age Related:** All (selected), Infant, Newborn: birth-1 month, Infant: 1-23 months, All Infant: birth-23 months
- Subject Subset:** All (selected), AIDS

En opdateret liste vil nu blive vist.
